DIABETES & THYROID METABOLIC CLINIC

Welcome to the Diabetes & Thyroid Metabolic Clinic. We look forward to being an integral part of your health care. We are a primary care clinic that focuses in endocrinology. We can help diagnose, manage, and treat many endocrine disorders. Some of these conditions include type 1 and type 2 diabetes, hypothyroid and hyperthyroid conditions, low testosterone, obesity, osteoporosis, and many other metabolic disorders.

I have been practicing medicine in El Paso since 2004. I graduated from Eastwood High School followed by UT Austin. I received by Physician Assistant degree from UT Pan American in 2004. I have 14 years of primary care experience and over 4 years of endocrinology experience. I am an active member of the American Society of Endocrine Physician Assistants and the Association of Diabetes Care & Education Specialists. Our clinic also has a fracture liaison certification by the Bone Health Osteoporosis Foundation.

We treat a variety of health conditions in the clinic and we often will prescribe name brand prescription medications. Please call our office immediately at 915-307-9697 if one of your medicines needs prior authorization by your insurance company. The average time to complete an authorization is 2-3 weeks. If there are any questions about a prior authorization, please call the office or send an email to info@diabetesthyroid.clinic. In addition, HMO insurance plans require both a referral and an authorization to see a specialist. Please let us know the specialist name and information to help with the referral process.

We strive to provide excellent and comprehensive medical care at our clinic. At times, an extensive set of laboratory testing may be ordered to diagnose, confirm and manage a medical condition. The Diabetes & Thyroid Metabolic Clinic is not responsible for any laboratory or imaging tests not covered by your insurance company. Please contact your insurance company to get more information about your insurance coverage.

I strive to provide the best quality care for all of my patients so you can live your healthiest life possible. Please visit our website at diabetesthyroid.clinic for more information about our clinic.

Sincerely,

Javier John Almeida, PA

I have read this letter and I agree to allow the Diabetes & Thyroid Metabolic Clinic to help manage my health care.
